Brigham City, May 23rd 1904

J. W. Kerr.

Pres. Agricultural College.

Logden, Utah,

Dear Sir, When the college catalogue for the coming school year is ready I would be pleased to have copies mailed to the following Common School Graduates, of this year, and some of last year:

Esdras H. Jones Jr. Ketton, Utah. Mary Burton Park Valley.
Ella Johnson *1701 Washington An. Ogden. Lucile Jensen
Mamie Jones and Rieg M. Jones of this place.

These students will no doubt attend next year at the college or the University. About half of them are members of my family, and if we can induce the others to join us we may arrange to move to Logden for the winter to care for them all.

In such a case I would be pleased to get employment at the College in case there is a vacancy in your corps of teachers or assistants. It would suit me very well to work along in such branches as these boys will probably take. The preparatory course, or in the "School of Commerce" "School of Mechanical Arts" or "School of General Science"

In the manual line I am a practical craftsman - cabinet maker. Have also had experience as principal in teaching, and years of practical experience in the law - including commercial law and banking.

For general reference I am pleased to refer you to Hon. Judge Hart, and District Attorney Frank Webster, and if there is a possible opening I can furnish you further details as to my University and other work in the line of qualification.

I remain Yours Very Respectfully
Rieg H. Jones
